

Glider brake for U-rails

Article code: [ARS686JB00/0001](#)
Description: Glider brake for U-rails

- ◆ slim design, flexible and little visibile
- ◆ combinable with a wide variety of large channel curtain tracks
- ◆ combinable with most of our gliders for U rails with a wide channel
- ◆ does not obstruct the free rotation of round gliders

The brake slows down the movement of gliders, without completely blocking them.
